

911 ADDRESS MARKERS

Elk River Volunteers are conducting a Community Safety Awareness program. Our goal is to install 911 number signs that are blue reflective address markers at every home. You may have seen these number signs on your way to Moscow, as Deary Ambulance held a similar fundraiser. The signs are large and easy to read when placed at the appropriate place and out of the snow. When seconds count, emergency vehicles cannot afford to slow down to find house numbers or mailboxes. Whether it be the ambulance, fire department, law enforcement or the first responder to an emergency, these address signs will benefit everyone in the community.

For \$20, you will receive a new sign which volunteers can help you install in an appropriate place and the peace of mind that your family will be easily found in an emergency. Your participation would be greatly appreciated. It may save your life or the life of someone you love. Great gift idea for someone you care about!

To place an order, please complete the form below and return it and payment to:

Diana Olson
P.O. Box 33
Elk River, ID 83827

You may also drop it off at City Hall, Tom's Tavern or DeEtta Mitchell
